TERHI - THE BOAT OF YOUR LIFE.

Terhi is a safe choice and it maintains its value much longer than other similar boats.

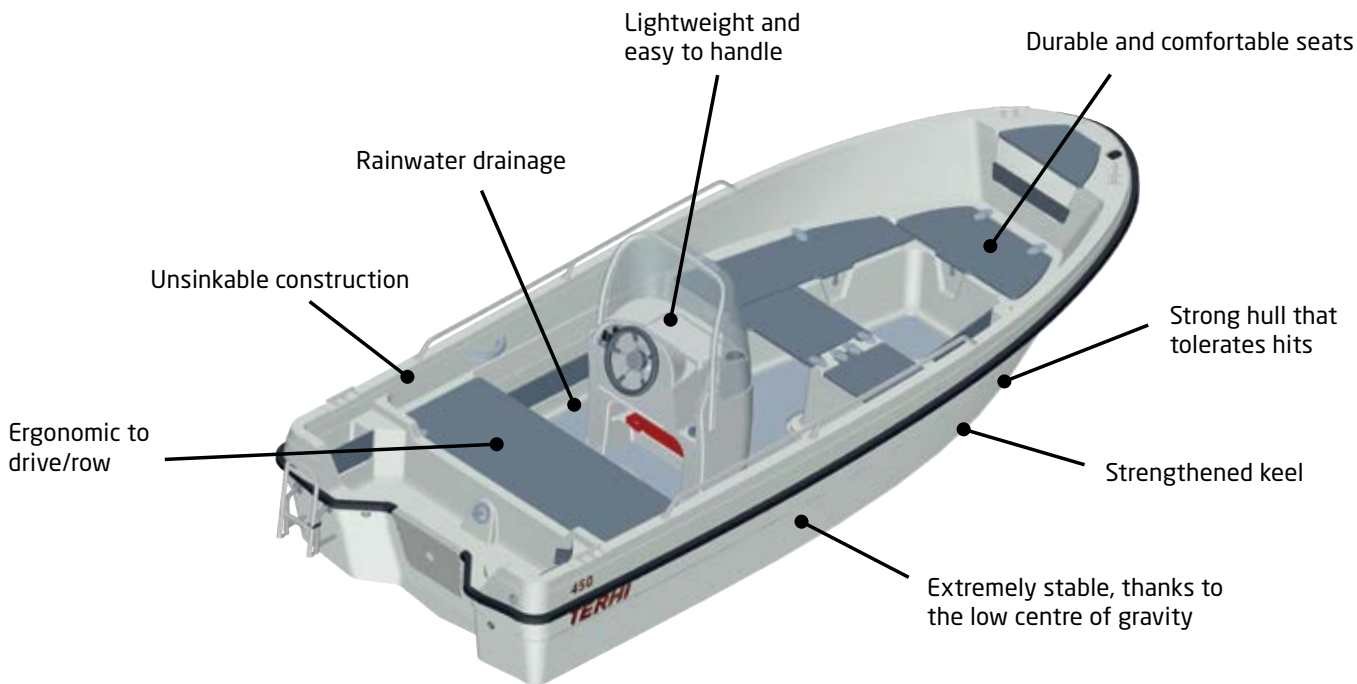

THE BIGGEST BOAT MANUFACTURER IN SCANDINAVIA

Terhi boats are designed and manufactured in the small fishing village of Rymättylä in southwestern Finland. Thanks to the unique manufacturing method and innovative product development, Terhi has established itself as a popular and reliable, internationally recognized boat brand.

The broad Terhi model range includes the most popular and beloved rowing boats and motorboats, altogether 25 models. Terhi boats have been manufactured already for 49 years and in over 225 000 units. Terhi offers a wide

range of spare parts and accessories, enabling customizing boats for your needs. Terhi is a safe choice, not only due to its method of manufacture, but also because of the durability and the fact that Terhi-boats maintain their value much longer than other similar boats. We strive to continuously develop boats that are both durable, appreciated and aesthetically pleasing to the eye, boats that offer their users unforgettable experiences regardless of where in the world they are used, at sheltered lakes or open sea.

The unique sandwich construction

All Terhi boats are made out of two separate ABS-plastic shells, which are vacuum formed under immensely high temperature. The space in-between the two shells is then filled with a non-absorbent polyurethane foam. This sandwich-like construction makes Terhi boats not only unsinkable, but also very long-lived and remarkably safe to use. The ABS-plastic is extremely impact- and weatherproof, and

thus perfect for boats. The high finish and our attention to details sets us apart from many other row and motor boat manufacturers.

Inner and outer surfaces of these light-weighted and easily portable boats are smooth and seamless which makes them also easy to maintain clean. In addition to the boat's beautiful and neat appearance, Terhi stands out also with its wide range of accessories.

Two vacuum formed shells from strong and smooth, shock and weather proof ABS-plastic

Hull filled with non-absorbent polyurethane foam. This makes the boats unsinkable.

All Terhi-boats are designed and manufactured in Finland, which we are very proud of. All the boats are the finest Finnish quality.

TERHI TENDER

Length: 235 cm | Width: 130 cm | Weight: 55 kg | Recommended engine power: 2 hv | Max: 3 hv | Passengers: 2 | CE design category: D

Small but stable

Terhi Tender is excellent as a help dinghy or yawl for a larger boat or as the first boat for the family's youngest skipper. Handy and effortless to row, easy to lift and travels well after a bigger boat without slowing the pace. Thanks to its catamaran-hull, Tender is extremely stable and secure. Under the seat, which is in lengthwise direction, is a lockable space for oars and other accessories.

AS A STANDARD

TERHI SUNNY

Length: 310 cm | Width: 147 cm | Weight: 75 kg | Recommended engine power: 4 hv | Max: 5 hv | Passengers: 3 | CE design category: D

Handy and versatile

A lightweight rowing boat, that also runs happily with a small outboard engine. Its handy size and light weight makes Sunny easy to transport for example on the roof of your car or in a davit of a larger boat. Not only is it perfectly suited for fishing, but it also functions well as a seabird-hunter's base.

Length: 401 cm | Width: 150 cm | Weight: 120 kg | Recommended engine power: 6-10 hv | Max: 15 hv | Passengers: 4 | CE design category: D

Popular all-around boat

An excellent boat for island retreats. Reliable, simple and inexpensive, Terhi 400 travels well with a 6-15 hp outboard engine but is also possible to row, both from front and middle bench. Stability, ease of use, good running performance and durability makes Terhi 400 a safe boat to use. The boat can easily be pulled up on land and it has very good storage facilities. Oars, fuel tank and battery can be stowed and locked. Rope boxes are in both corners in the aft. Available in light grey or verde color (green outer shell and light grey inner shell).

TERHI 440

Length: 440 cm | Width: 175 cm | Weight: 150 kg | Recommended engine power: 4-6 hp | Max: 10 hp | Passengers: 4 | CE design category: D

Miraculously spacious

A generously sized rowing boat that can be fitted with an outboard motor. Thanks to the wide hull, Terhi 440 is very stable and the carrying capacity is far more than in most boats of similar size. Commuting from one place to another, the boat carries safely even larger loads to and from the summer house or cottage. When fishing it does not rock, nor roll when the nets are set or when the catch is lifted into the boat. Lockable storage spaces are available in both bow and stern, and the middle bench can be adjusted in length or disconnected and removed if necessary.

TERHI SAIMAN

Length: 478 cm | Width: 148 cm | Weight: 105 kg | Recommended engine power: 2-4 hp | Max: 5 hp | Passengers: 4 | CE design category: D

The classic rowing boat

Terhi's version of the traditional Finnish rowing boat. This open boat moves easily and smoothly, with oars or by engine, but it is much easier to maintain than traditional rowing boats. Saiman's strong sandwich hull of ABS-plastic can withstand hard impacts much better than boats made out of wood or fiberglass. This carefree boat has room for two sets of oars and a small outboard engine. Lockable storage spaces are also available in this model, and Saiman also has a middle-bench that is adjustable.

TERHI SAIMAN HUNTER

Length: 478 cm | Width: 148 cm | Weight: 105 kg | Recommended engine power: 2-4 hp | Max: 5 hp | Passengers: 4 | CE design category: D

Saiman special edition

A version of the popular Terhi Saiman, which adapts especially well to nature thanks to its green color both outside and inside the boat. The boat is especially well suited for wildlife observers, nature photographers and seabird hunters because of its soundless approach and nature-like green color which allows one to get around without arousing attention. In addition, Saiman Hunter produces very little waves, which is beneficial when you want to get around unnoticed.

TERHI SAIMAN SOLAR

Length: 478 cm | Width: 148 cm | Weight: 105 kg | Recommended engine power: 2-4 hp | Max: 5 hp | Passengers: 4 | CE design category: D

Eco-friendly alternative

Saiman Solar is a renewed edition of Saiman Sunwind - the eco-friendly boat that uses solar energy as energy source. A 50 W solar panel, a battery regulator and battery casing are included as standard - all pre-assembled. You only need to add a battery that suits your needs and an electric outboard of your choice. If you choose an engine with an integrated battery, you do not necessarily even need a separate battery. Saiman Solar is an excellent choice for environmentally conscious boaters and for those who travel on waters where fuel engines are prohibited.

Length: 445 cm | Width: 185 cm | Weight: 295 kg | Recommended engine power: 20-30 hp | Max: 40 hp | Passengers: C5/D7 | CE design category: C/D

Side console boat for leisure boaters

Terhi 450 C is a true all-rounder equipped with a practical side console. It is extremely stable and balanced, and is thus especially suited for access and transport boating, as well as for different kind of recreational fishing. The safe, unsinkable construction makes this a good option also for the family's younger skippers. On the new, reinforced stern transom an outboard of up to 40 hp can be mounted, which particularly improves the carrying capacity.
